

OneVue Notify® InfoBoard™ Displays

Keep Your Environment Safe and Informed

Stay Informed. Stay on Time. Stay Notified.

Easy-to-read Primex OneVue Notify® InfoBoard™ displays offer visual alerts, critical and general messages, and synchronized time to keep everyone in the know. With OneVue Notify InfoBoard displays installed, your facility will be able to:

- Post critical messages during times of emergency to keep people safe
- Continuously present the date and time in an easy-to-read digital display to improve timeliness
- If necessary, manage bell schedules and integrate with PA systems to keep students on task

Expand Your Capabilities.

When the OneVue Notify InfoBoard displays are used with OneVue® software, you'll have the ability to:

Customize messages to relay detailed information or communicate events and other pertinent news – all through any device with a web browser

Run post-incident reports to analyze responses to emergencies and critical situations

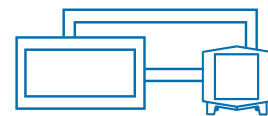

Receive warnings regarding potentially unresponsive OneVue Notify InfoBoard displays to track proper functionality

Connect to a transmitter for institutionwide time synchronization

Select from seven display colors (red, green, blue, yellow, white, magenta, cyan) with adjustable brightness and scrolling speed to further personalize your message

Find Your Fit: Primex OneVue Notify InfoBoard displays come in three sizes: large, medium, and mini

America Proud: Primex OneVue Notify InfoBoard displays are engineered in the USA

Overcome communication challenges within busy or noisy environments — while also speaking to those hard of hearing — with OneVue Notify InfoBoard visual messaging to get messages through to your entire student body, care unit, building, or staff.

Strengthen your communication with Primex OneVue Notify InfoBoard displays managed by web-based OneVue software.

Ideal For...

Your School or Campus

- **In the matter of seconds, relay critical emergency messaging** in case of a lockdown-type event to alert students and staff
- **Create custom messages** to congratulate graduating classes, acknowledge special academic achievements, or cheer on the sports teams
- Visual notifications offer an **alert alternative in loud environments** — the band room, gym, lunchroom, etc. — where audio messages usually go unheard
- OneVue Notify **Bell Controllers** can integrate with your school's PA system to **manage class schedules with ease**

Your Transit Hub or Warehouse

- **Keep your drivers and riders informed** with road conditions, weather forecasts, or schedule changes to avoid mishaps
- **Take advantage of synchronized time** throughout your hub to keep busses, trains, and streetcars on perfect schedules to maximize ridership volume
- Vivid OneVue Notify InfoBoard displays throughout your warehouse offer a **higher visibility — and cost-effective — alternative to construction-style signage**

Your Hospital or Health System

- **Alert an entire unit, floor, building, or campus within seconds of a code blue** or other emergency situation requiring action to mitigate issues quickly
- Use proper wording to **identify isolation areas** with displays mounted above or next to doors
- **Compose custom messages** to convey hand hygiene reminders or build staff camaraderie to raise HCAHPS scores
- **Utilize synchronized timekeeping** along with OneVue software to track on-time deliveries of medication, testing and surgical procedure time, and personnel shift changes

Your Place of Business

- **Eliminate confusion** amid conference attendees or hotel guests by using **wayfinding directions** on OneVue Notify InfoBoard displays within your large conference center or hotel
- **Educate your patrons with safety information or promotional deals** to keep them alert or informed while browsing
- **Maximize customer flow** with waiting room or shopping updates to let them know that it's their turn to be seen or start shopping
- Install OneVue Notify InfoBoard displays throughout your courthouse to **always know when court is in order or adjourned**

WHY PRIMEX ONEVUE NOTIFY?

Instantly send critical alert messaging to have a far-reaching impact on public safety

Utilize synchronized timekeeping and custom messaging to keep everyone informed

Cross resetting clocks off your to-do list

Choose from two power options (AC or Power over Ethernet) to best suit your use

Multiple sized displays with seven different LED colors can further customize your visual message

Receive reports to analyze emergency response notifications
