

Bluetooth® Wireless Technology Analog Clocks

Smart-Sync™

Slim Metal Series Clocks

For any customer who requires time synchronization, the Bluetooth® wireless technology solution is an uncomplicated, easy to install, wireless product that continually and automatically recreates its own network. Competitively priced, Smart-Sync™ clocks with Bluetooth wireless technology are available solely through Primex, the sync time leader, and our certified partner network. Available in a variety of sizes and dial options including custom dials to showcase your facility name or logo.

- Smart-Sync clocks 'wake up' once daily
- Clocks synchronize time via Smart-Sync Bridge
- Clocks form network based on strongest signal to another clock or the Smart-Sync Bridge
- If one clock fails, other clocks will 'find their way home' to the strongest signal
- Smart-Sync Bridge reports clock status to OneVue
- OneVue accessible via PC or mobile devices
- Two-year warranty on the Smart-Sync Slim Metal Series

SLIM METAL SERIES ANALOG CLOCKS

Contemporary frames offer an upscale, executive look to our high-performance clocks. These high-tech synchronized clocks are easy-to-install and are easily incorporated into any décor.
