Wood and Gallery Series

For any customer who requires time synchronization, the Bluetooth® wireless technology solution is an uncomplicated, easy to install, product that continually and automatically recreates its own network. Competitively priced, Smart-Sync™ clocks with Bluetooth Wireless Technology are available solely through Primex, the sync time leader, and our certified partner network. Available in a variety of colors, sizes and dial options including custom dials to showcase your facility name or logo.

WOOD SERIES ANALOG CLOCKS

High-tech accuracy is presented in a traditional look with the Wood Series Clocks. Ideal for offices, libraries, conference rooms and entry ways, the solid hardwood frame is available in a variety of finishes. Dial faces are available with Arabic numerals on ivory dials, or Roman numerals on antique dials.

Add an “-R” after the item number for Roman models
Example: B1004Z396-R

GALLERY SERIES ANALOG CLOCKS

The generous size of the Gallery Series Clocks makes them perfect for large, open areas of any facility. Their blend of beautiful styling and cutting-edge wireless technology will create a focal point wherever you place them. Choose Roman or Arabic numerals, complemented by an antique finished dial and a brown bezel.
